1. BOVILLA LAKE

- Your amazing journey starts in Tirana. After picking up, you will drive towards your first destination, Bovilla Lake.
- Our initial destination is the Bovilla Dam, an impressive structure towering at a height of 91 meters. This dam serves as the primary source for Tirana's electricity and water supply, drawing from the surrounding lake.
- To get a better view of this breathtaking site, we will drive up Gamti mountain.
- At an elevation of 850 meters, the road ends. There will be a 5-minute steep walk to the only coffee in Gamti mountain and there is a 10-minute hike up the rocky slopes to reach the summit. Upon reaching the summit, you will encounter one of the most amazing views in Albania.

2. KRUJA CITY

- Begin your cultural exploration with a visit to the remarkable Kruja Bazaar, a 500-year-old market.
- Embark on a walking tour within the castle's wall.
- Ascend to the summit of Kruja mountain, 1100 meters elevation, where Tirana, Durrës, Kruja and the Adriatic sea will be in the palm of your hands.
